FunderMax – Mission Statement

• FunderMax is to become the **best company in the wood-based industry**.

• We concentrate our activities on those products and services where we **can be among the best** in class.

• We build **long-term partnerships** with customers, employees, suppliers and society at large.

• Our actions are characterised by the **core values of trust, honesty, transparency, loyalty, decency and responsibility**.

• We offer our employees a **secure and motivating on-the-job environment**.

• It is by virtue of our dedication to **quality** and our efforts toward **continuous improvement** that we earn the **profit** which secures the future of our company and our jobs.

• Our focus on the future means that **research and development**, as well as constant **expansion into new markets**, are of central importance.

• In the interest of running a **sustainable business**, negative environmental impact is to be either avoided or reduced where present. We adhere to all applicable regulations.
FunderMax – Business Segments & Products
